

TERENCE TIONGSON

DATA ANALYST | POWER BI DEVELOPER | BUSINESS INTELLIGENCE

Engineering, Project Planning & Commercial Analytics Background

Philippines | 0917-7559-120 | tiongson1994@gmail.com | linkedin.com/in/terencetiongson | ternsssss.github.io

PROFESSIONAL SUMMARY

Civil Engineer and commercial professional with 9+ years of experience in quantity surveying, cost engineering, project planning, commercial analysis, and project operations. Combines strong domain expertise with Data Analytics and Business Intelligence capabilities to transform complex business and operational data into actionable insights. Experienced in dashboard development, KPI reporting, performance analysis, management reporting, and cross-functional monitoring initiatives. Skilled in Power BI, Power Query, DAX, MySQL, Python, Excel, Data Modeling, and data visualization, with experience working across projects, financial, procurement, HR, and operational data.

CORE COMPETENCIES

DATA ANALYTICS & BUSINESS INTELLIGENCE

MS Excel, Power BI, Power Query, DAX, Data Modeling, Power Pivot, MySQL, Python

ANALYTICS & REPORTING

Data Cleaning, Data Transformation, KPI Development, Dashboard Development, Trend Analysis, Performance Reporting

BUSINESS & COMMERCIAL ANALYTICS

Cost Analysis, Budget Monitoring, Proposal Monitoring, Project Performance, Variance Analysis, Decision Support

ENGINEERING & PROJECT CONTROLS

Quantity Take-Off, Cost Estimation, BOQ Preparation, Tendering, Claims Reconciliation, Variation Analysis

PROFESSIONAL EXPERIENCE

Senior Quantity Surveyor | Cost Engineer | Project & Planning Development Engineer

Meralco Energy Inc. (MSERV) | Jun 2023–Present

- Analyze and reconcile project claims involving consortium partners and clients to support accurate commercial evaluation and resolution.
- Evaluate subcontractor variation proposals and assess potential impacts on project budgets and commercial performance.
- Conduct project re-evaluation and cost analysis to identify potential savings, additive works, and deductive adjustments.
- Support the preparation and commercial evaluation of Civil Works proposals in collaboration with multidisciplinary teams.
- Collaborated with a multidisciplinary team to secure multiple awarded projects with a combined contract value exceeding ₱1B in 2024.
- Identified a project monitoring gap within the department and developed an initial Proposal Monitoring Dashboard to consolidate proposal information, improve visibility, and support project tracking and management decision-making.
- Developed confidential dashboard-based monitoring solutions for project financial and commercial performance by consolidating cross-functional data from Finance, HR, Procurement, and SAP, while maintaining confidentiality requirements.

Quantity Surveyor

Prescon Philippines Inc. | Jun 2022–Mar 2023

- Prepared quantity take-offs and cost estimates to support tender-stage proposal development.
- Evaluated and reconciled subcontractor proposals during pre-construction to support cost comparison and commercial evaluation.
- Reviewed subcontractor progress billings and supporting quantities for payment assessment and project cost monitoring.

Quantity Surveyor

MDC BuildPlus Inc. | May 2017–Oct 2021

- Performed quantity measurements for structural and architectural works to develop accurate project cost estimates and BOQs.
- Prepared and maintained cost information for project proposals and management review.
- Reconciled quantity take-offs and cost information with clients and third-party stakeholders to improve commercial accuracy.
- Supported construction and operations teams by resolving proposals, quantity, and commercial clarifications.

Design Engineer I

E.H. Sison Engineers, Co. | Dec 2016–Jan 2017

- Supported road and retaining wall design analysis, engineering calculations, and quantity take-off activities.

CERTIFICATIONS & ACHIEVEMENTS

- [IT Specialist – Data Analytics](#) | Certiport / Pearson VUE | Jun 2026
- [Certified Data Analyst Specialist](#) | DataSense Analytics | Apr 2026 | 160-hour Master Track
- Rising Star | DSA × DAPH National Data Analytics Challenge | Jul 2026
- Explorer Award | Microsoft Power BI and Microsoft Excel Data Analyst Bootcamp | DataSense Analytics

PROFESSIONAL DEVELOPMENT

DataSense Analytics Master Track – 160 Hours

- Microsoft Excel Data Analyst
- MySQL Database Professional
- Microsoft Power BI Data Analyst
- Python Programming Data Analyst

Additional Training:

- Data Science and Analytics with Power BI – 2-Day Workshop

EDUCATION

Bachelor of Science in Civil Engineering

Technological Institute of the Philippines – Manila
